

We are thrilled and deeply honoured to announce that Circe Invest, in its very first year, has been nominated for the prestigious Sustainable Investment Awards 2024 by Investment Week. These awards, now in their 18th year, celebrate the key players in sustainable investing.

We are incredibly grateful for this recognition and extend our heartfelt thanks to the panel of sustainable investment experts who meticulously reviewed and selected the nominees. The winners will be announced at a special ceremony in London on 19 September, and we eagerly look forward to the event and the opportunity to connect with fellow professionals.
